VOL. XXIX.

STANFORD, KY., TUESDAY, MAY 21, 1901. 9 A. M.

NO. 25

Crab Orchard.

Miss Emma DeJarnett, of Richmond, is visiting Mrs. J. B. Willis at the Springs Hotel.

Col. Fontaine Fox Bobbitt reports that his castle is filled with "lords and ladies" to spend the summer.

Mrs. Dr. Stapp closed her pleasant school term on Friday last. She took her pupils to Brown spring where they enjoyed a delightful outing, in the way of a school picnic.

We have been blessed with a timely rain and gardens are growing beautifully. All nature is refreshed and redolent with the fragrance of blooming flowers and vernal wood.

Elder J. M. Bailey filled the pulpit of the Christian church on last Lord's day, adjourning at night in favor of the Baptist meeting. Miss Sue Sublette, of Lexington, lectured at the Christian church on Monday night.

Mrs. Mary Bronaugh and granddaughter, Miss Katherine, spent Sunday with friends here. Miss Jean Buchanan returned Sunday from a pleasant visit to friends in Louisville. Mrs. Judge Collier, of Mt. Vernon, is a guest of Miss Fannie Langford.

Rev. G. W. Shepherd, pastor of the Baptist church, has been conducting a series of meetings at the Baptist church which we trust will be productive of good. He had large and attentive audiences, the merchants and saloon keepers closing their business houses to attend the services. Bro. Shepherd and wife have just gone to housekeeping and to show how much a preacher is appreciated in our community the friends, including all denominations, have filled their larder and pantry to overflowing with everything necessary to the culinary department.

Mrs. Brooks, mother of J. J. Brooks, left Monday for Mt. Vernon, from thence to her home in Paris. Mrs. L. Livingston, of Chicago, is visiting her parents, Dr. and Mrs. W. M. Doores, who will celebrate their golden wedding on Wednesday. Dr. Pettus has improved sufficiently to make a visit to friends in Somerset. Mr. and Mrs. Harvey Collier have had quite a house party during the past week. Among the pleasant visitors were Dr. Andrew Seargent and wife, of Hopkinsville, Mesdames Dr. B. F. Morris, of Mayfield, and Annie Lasley, of Stanford. Mrs. Wren and Mrs. Edwards, of Owensboro, have returned home after a delightful visit to friends here.

The spacious buildings of Crab Orchard Springs are all being repainted inside and outside, and everything is undergoing a thorough renovation for the coming season and a prosperous time is anticipated for this deservedly famous resort. There is a praise-worthy spirit of general improvement at Crab Orchard, the citizens vying with each other in painting, white-washing and other needed changes. Mrs. Capt. Dillon has painted her cozy little cottage on Stanford street, and with her beautiful yard carpeted with blue grass and ornamented with lovely flowers, her home is indeed comfortable. Our brass band boys are erecting a stand in Mr. Dameron's grove, from which they will dispense their music in the future.

HOW IT IS DONE.

The first object in life with the American people is to "get rich"; the second, how to retain good health. The first can be obtained by energy, honesty and saving; the second (good health) by using Green's August Flower. Should you be a dependent sufferer from any of the effects of Dyspepsia, Liver Complaint, Appendicitis, Indigestion, etc., such as Sick Headache, Palpitation of the Heart, Sour Stomach, Habitual Constipation, Dizziness of the Head, Nervous Prostration, Low Spirits, etc., you need not suffer another day. Two doses of the well-known August Flower will relieve you at once. Go to Penny's Drug Store, Stanford, Ky., and get a sample bottle free. Regular size, 75c. Get Green's Prize Almanac.

CHAUTAQUA.—The 50th annual session of the Kentucky Chautauqua will be held at Woodland Park, Lexington, June 26 to July 5. A splendid program has been arranged that will surpass any yet given. Some of the most notable lecturers and entertainers in America have been engaged. A great musical program will be presented and many new and special features. The detailed program will be mailed to any address upon application to Charles Scott, business manager, Lexington, Ky.

As a result of the recent panic, stocks, according to Phillip King, are in stronger hands and the "public" is out of the market. Crop prospects are good, business is still splendid and the only adverse feature is the labor situation.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by Craig & Hocker, Druggists.

Low Rates via Queen & Crescent Route to the following points: Covington, State Encampment, G. A. R., June 3-4. One fare the round trip. Ask ticket agents for full particulars.

Several months since the writer loaned Jeweler Franklin an old "boss" pistol to place in his show window. Since that time citizens have brought in all manner of old pepper boxes, derringers, revolvers, come-quickers, etc., a pair of hand-made scissors 100 years old, a flint lock used in the war of 1812. A half bushel would scarcely hold the old curios, etc.

The Lebanon Enterprise says that the peaches and cherries stood the April cold snap all right, but an examination of the apple trees, which had such a heavy blossom, will disclose the fact that this fruit is very seriously damaged and that the yield will be comparatively small.

George Robinson Hunt, Jr., has purchased the Preston farm, containing 320 acres, on the Preston-street pike, 14 miles from Louisville, for \$60,000. This property is a part of an original grant from George IV to Col. William Preston for military services in Braddock's war, having never before been sold out of the family.

I congratulate my Lincoln county friends on having gained the citizenship of Mr. Jacob A. Robinson, who lately purchased the Lillard farm for \$28,224. He belongs to the highest type of manhood and has a most excellent wife. Our people regret to learn that they will leave us.

The graded school tournament will bring a large crowd to our city this week, and the contests will be close, highly instructive and entertaining in each department. The declamatory and musical contests will begin promptly at 7:45 on Thursday and Friday evenings. Seats are selling rapidly at Stormes' drug store and the house will be packed.

For the benefit of those who may not know it, I desire to state that the publications between Mr. U. D. Simpson and me were not given out because of any bad feeling. They were purely pieces of pleasantry between two good friends. [Good. Friends of you gentlemen hereabout, knowing that you are both "bad medicine," have feared a fatal meeting.—Ed.]

Senator George T. Farris has not been well for several days, but the republicans need not indulge in the fond hope that he will not be able to fix up his fences before the November election, for he and Hon. R. H. Tomlinson will be needed in the next Legislature to aid in sending Hon. James B. McCreary to the U. S. Senate and to do many other things for the public good. From the present outlook the entire democratic ticket, from constable to Senator, will be elected.

Lancaster boasts of her able lawyers, doctors, ministers, a school second to none, one of the best newspapers in the State, telephones, electric lights, a country which yields more fine stock and valuable crops than many other sections; but she is especially proud of the civility and hospitality of her people, which has become proverbial throughout the land. Come over Thursday and Friday and see how nicely we will care for half a thousand visitors. If Capt. Landram and Lieut. Farris, who are always working gratis for the public good, will devote a little time to rushing the water works, we will have a finished city, as I learn that the day train, for which they asked, will be put on June 1st.

The presence of Miss Woolsey at the Cumberland Presbyterian Assembly as a ruling elder from Leitchfield, Ky., opened up the old question of women representation. The woman's mother was ordained as a minister by her Presbytery but the assembly declared the act unconstitutional and in contravention of Scriptural authority.

Rev. Edward S. Phillips, rector of St. Gabriel's Roman Catholic church at Hazelton, Penn., and known all over the world as the "coal miners' friend," was found dead in the apartments of a man calling himself Dr. Kirk Stanley, in New York. THE president's trip to the Pacific coast to be present at the christening and launching of the battleship, Ohio, while accompanied by some pleasant features, has been almost as unlucky as the superstitious think it would have been had he started on the 13th day of the month and on Friday. In the first place Secretary Gage was prevented from going with the party by the illness of his wife, who has since died. Mrs. McKinley was stricken ill and hovered so close to death as to upset all calculations and programs. Secretary Long's daughter was taken sick and he had to hasten to her bedside. Secretary Hay was confined by illness; Gov. Nash, of Ohio, was poisoned by ivy while visiting the giant trees of California and was laid up with a closed eye and badly swollen face. Mrs. McKinley was to have touched the button to launch the Ohio, but being too ill, her niece, Miss Barber, had to take her place; the big Ohio banquet at the Palmer House, San Francisco, was called off and the reception in that city and along the line cancelled. The trip was arranged with the greatest care and every detail carefully looked after. It was to be the greatest event of the year. McKinley's subjects were to be given a chance to see their ruler and to fall down and worship him. But man proposes and God disposes. Vanity of vanities, all is vanity.

THE great street railway strike at Albany, N. Y., and adjoining cities has been settled and the 11 days' reign of violence ended, with matters almost the same as when the strike commenced. By resorting to violence the strikers placed themselves beyond the scope of public sympathy and lost their contention from bad judgment and worse management. Troops had to be called out and in the protection of non-union labor in its right to work, they killed one man and shot two others. Union labor is all right when it seeks by unity of action to secure justice and fairness, but when it assumes to say no one else shall work except on the terms they themselves dictate and proceed by violence to prevent men from exercising an inalienable right, it forfeits all claim to public sympathy and support and deserves to get it in the neck as in the Albany strike. When men can show that they are being wronged by heartless corporations and others and peaceably demand their rights, they will be backed by public sentiment, which always sympathizes with the weak, but the moment they take the law in their own hands and become a law unto themselves, that minute they lose out and ought to do so.

A MOB of 5,000, that wanted to lynch a Negro and his wife at Cornwallville, Pa., for the murder of a yardmaster, was stood off by a brave officer and a small posse. "The first man who enters the jail will die," exclaimed the officer and none of those who were so anxious to take life would risk his own in the attempt. Mobs are nearly always cowardly and usually one man can whip a thousand and two put 10,000 to flight.

WE regret to observe that Editor James M. Richardson, of the Glasgow Times, has sued Editor R. W. Knott, of the Louisville Post, for \$25,000 damages. The latter charged him as one of the board of Prison Commissioners, with selling a beef contract, a proposition so preposterous as to make it ridiculous, and to apparently call more for a censure than a law suit.

ANOTHER big scheme is afoot. The Florida Legislature is wrestling with bills to permit the cutting of a canal across the peninsula to connect the Atlantic and the Gulf of Mexico. There is said to be \$100,000,000 behind the scheme and millions in it if the canal is ever built.

It is said that John G. Carlisle may be the anti-Tammany candidate for mayor in Greater New York, but if he is wise in his day and generation he will let well enough alone. The builders have too long rejected this stone for it to become the head of the corner.

The democratic city and county executive committee at Louisville, issued a call for a primary to be held Tuesday, July 9, for the selection of the nominees for city and county offices. The primary will be held under the Carroll law. Candidates will be given until June 8 to register their names and pay their assessments.

The ticket nominated in Boyle's primary Saturday, which is a good one from start to finish, is as follows: T. P. Reed, representative; S. P. McDowell, sheriff; W. H. Prewitt, county judge; W. S. Fitzgerald, jailor; Fred Harris, assessor; J. W. Rawlings, school superintendent; W. J. Price, county attorney, and J. B. Nichols, county clerk, were nominated without opposition. Much interest was manifested in the election and the full democratic vote was polled.

Sweet William is 15½ hands high; sired by Stigall's Prince, 1st dam by Stigall's Rough and Ready, 2d dam by Stigall's Black Hawk.

Our past experience as mule dealers warrant us in saying that no better mule jack will be offered for public service than this one as his colts will attest.

King Eagle is 15 hands and three inches high, dark bay with heavy mane and tail, goes all the galts with plenty of speed, style and action.

NOTE.—Royal King is a full brother to the great Silver King and Allie G., the great show mare that sold for \$1,000. King Eagle's 2d dam is the dam of Minnie Boyd, the great show mare that Matt Cohen won everywhere with in 1896 and sold for \$500.

King Eagle will make the present season of 1901 at my stable, 2½ miles West of Stanford, on the Shelby City pike, at the low price of

\$10 to insure a Living Colt.

St. Lawrence. Fourth dam Broad, thoroughbred. In Flowers is combined the blood of three of the best sons of Hambletonian namely: Florida Volunteer, George Wilkes, with that of Gill's Vermont, Kinkead's St. Lawrence and thoroughbred and he carries 30 per cent of the blood of Hambletonian 10, or as much as a son of his. Very few horses inherit such a strong breeding.

As an individual he is equally great, having plenty of substance and action. With comparatively no training he has shown a 2:12 gait over a half mile track.

Cleveland.

Black Jack with white points, 15½ hands; Sired by Cordier, he by Imp. Cordoverse; 1st dam by Imp. Khan; 2d dam Josh Dunn, jennet by the Cord Jack. STRIKE.—At Altamont and Pine Hill 800 miners have gone on a strike, the former against a monthly pay day and a guarantee of five days' work a week. The previous conditions were semi-monthly pay days and suspended mines in dull periods. Pine Hill miners struck against high prices in the company store.

AS Gypsies are camped in this vicinity, this warning from the Argus may be of advantage: While in Frankfort last week the gypsies reaped a harvest telling fortunes and there is no telling how much bric-a-brac has been taken from homes they entered, for every house they went into they invariably told the housekeeper to go outside and get them a glass of water and they "would show them a trick."

The opening ball at Crab Orchard Springs will occur on the evening of June 14. The State pharmacists will meet there in convention 18 to 21 and between the latter date and July 4 there will be various entertainments and dances. On the glorious 4th there will be a grand rally and picnic, to which the railroads will give reduced rates. Accommodations will be made for 1,000 people on that day.

SATISFIED.—After spending a week or so prospecting in Oklahoma, Messrs. R. H. and W. A. Pettes, of the Gilberts Creek section, returned Saturday night, thoroughly satisfied to spend the balance of their days in "Old Kaintuck." There is a great deal of good land in the newly opened country, they say, but it has all been taken and what is left is hardly worth having. Messrs. Pettes spent a portion of their time with Messrs. John K. Jones, J. M. Hill and R. E. Gaines, who they say are prospering. They all have good leases and the chances for their making money are most favorable. These three ex-Lincoln county gentlemen live near each other and their families seem thoroughly contented and are loud in their praise of Oklahoma. The Messrs. Pettes did not see the Shelby, who recently left this county and located at and near Ponca City, but they heard good reports from them. Mr. George Shelby has bought a handsome home in the above town and has a large lease which he is grazing to a considerable extent. The biggest wheat raiser in the sections the Messrs. Pettes visited is Mr. G. W. Miller, a former Crab Orchard man, who runs between 30 and 40 binders during the harvest season. J. E. Carson, another ex-Lincoln county man, is prospering, we were glad to learn, and like the rest of those who have good leases, is much impressed with Oklahoma.

TO TEACHERS.—The trustees of the Stanford Female College desire to enter into negotiation with a good teacher to take the principalship of the college next session. Address at once communications to John Bright, Secretary Board of Trustees, Stanford, Ky.

KILLED BY LIGHTNING.—During the thunder storm Saturday afternoon Walter Martin was struck by lightning and instantly killed in the porch of Miss Jennie Hiatt's store at Rowland. Will Hocker and Clarence Raines were badly shocked, the latter being still confined to his bed. Walker Hampton and Walter Killian, who were also in the porch and only a few feet from Mr. Martin, felt no effects of the shock. Mr. Martin's head was leaning against the wire screening on the window, which is supposed to have drawn the lightning and his neck was broken. There were no marks on his body save slight abrasions on both ankles. The building was not damaged in the least and the bolt must have spent its force on Mr. Martin. There were few, if any better young men than Walter Martin and his popularity was attested Sunday afternoon when a crowd of nearly 500 people gathered at his late home to hear Rev. W. E. Arnold preach his funeral and later followed his remains to Buffalo Cemetery. He was a model young man, and his parents, Mr. and Mrs. Alex Martin, and brothers and sister almost worshipped him. He was a fine specimen of physical manhood, standing six feet, three inches and weighing 185 pounds and gave promise of long life, but God moves in a mysterious way His wonders to perform and he was cut down at the early age of 25. In speaking of the young man, a gentleman who had known him for 10 years, said to us: "If Walter Martin ever did anything wrong, he did not do so intentionally. His influence was worth a great deal to other young men and it is indeed a pity he was not spared longer."

BURTON.—A big hearted, liberal and clever man, who revered his Maker and loved his fellows, went to his reward, when Mr. William Burton breathed his last at 10:15 Saturday night. A month ago a carbuncle developed on the back of his neck and he was taken to the Joseph Price Infirmary, where every attention was given him, but blood poisoning intervened and soon did its work. The carbuncle was about the largest on record and the doctors took a photograph of it for use in medical publications. The patient suffered agonies, but his cheerful spirit was manifested all through the long ordeal and he murmured not. He thought from the first that he would not survive and spoke calmly and fearlessly of death, his only regret seeming to be that he could not see some of his children again in the flesh. Mr. Burton was a member of the Presbyterian church and few Sundays saw his seat vacant in the church here. He was a firm believer in immortality, but wanted to be with his family in church membership. The Presbyterians went immeasure, but will accept as members those baptized that way by other denominations. So Mr. Burton first joined the Methodist church, was immersed and then joined the church of his wife and family. He was an excellent man and one that could never refuse a favor. He would have died a rich man, but for going security for friends and then having to pay for them. Mr. Burton was about 79 years old and was twice married, first to Miss Mary Jane McKinney, daughter of Capt. Burton McKinney, by which union three children survive: Dr. A. O. Burton, now of Kansas, Mrs. T. P. Hill, of Wyoming, and George Burton, the latter of whom has been with his father during his illness and watched over him with a devotion that was beautiful to contemplate. Mr. Burton's second wife was Miss Annie Paxton, sister of the late James Paxton. She died in the fall of 1885, leaving three children Joe P. Burton, Dr. W. M. Burton and James H. Burton, all of them with the other three surviving, and all proving the truth of the Scripture, which says "Train a child in the way he should go and when he is old he will not depart from it." Mr. Burton served his country well both in war and peace. When the call for soldiers for the Mexican war was made over 50 years ago, he responded with alacrity and was with his command through the entire campaign, which resulted so victoriously for the Americans. How greatly he was loved and respected was shown yesterday afternoon when hundreds of friends gathered at the open grave in Buffalo Cemetery to pay him the last tribute of respect. A short service was held there by Rev. S. M. Rankin and then all that was mortal of father, brother and friend was consigned to the dust. All of the children of deceased were present at the funeral, except Mrs. T. P. Hill.

TOPSY TURVY, WALTON'S OPERA HOUSE, TO-NIGHT. SEE HER.

DANVILLE is to have another paper. In about two weeks Mr. R. O. Cunningham, late editor of the Danville News, will begin the publication of the Danville Courier, a weekly, six column quarto, which will be democratic to the core.

LEBANON JUNCTION.—An I. J. representative spent a portion of Saturday both pleasantly and profitably at Lebanon Junction, where a number of old Lincoln county people live. That place profited greatly by the division being moved from Rowland and is now a town of no mean pretensions. A flourishing bank is one of the enterprises there, while there are a goodly number of stores that carry big stocks and do a thriving business. R. C. Hocker, for years a freight conductor, is vice president of the bank and is one of the town's capitalists. He is one of several gentlemen who have made snug fortunes out of the Ricketts Hotel, which is now run by his brother, V. H. Hocker. Newt Craig is doing a good business with his barber shop and bath rooms, while his mother is the fashionable dressmaker of the place. John A. McRoberts, familiarly known as "Quetus," holds a responsible position with the L. & N. and is one of Lebanon Junction's solid citizens. He is still growing and now tips the beam at 265. A. F. Haley, Walter Carter, J. T. Payne, J. S. Cordier and D. A. Barnett are ex-Rowland gentlemen, who are growing rich in their adopted home. They are all veterans in the railroad service. W. H. Satterfield, who married Miss Sallie Bentley, who once lived in Stanford, has one of the prettiest homes in town and a very interesting family. He is further beautifying his home with paper and paint. A paper was published at Lebanon Junction several years ago and it is a wonder some wide-awake man doesn't start one there again. The town is abundantly large to support a weekly publication. A good democratic paper should do well there.

JUST LIKE A MILL.

I have opened a branch in the George Holmes property in Crab Orchard where I will be glad to give you flour, meal, bran, shipstuf, &c., for your wheat and corn. Give 33 pounds of good flour and 10 pounds bran to the bushel of No. 2 wheat. Our meal is ground on the old-fashion 48 inch burrs. It is my desire to keep this exchange at your town and I trust you will give me a liberal share of your patronage. I retail flour and meal at wholesale prices. The flour and meal are made at the Farmers Roller Mill at Stanford. I sell corn by the feed or bushel.
